

Dear Students and Parent(s)/Guardian(s),

This is just a reminder that South Park Elementary Center will be celebrating Valentine's Day on Friday, February 14th. This party is always a special one for the fourth graders because it will be their last party at our school. Your child is asked to design and decorate a shoebox, gift bag, cereal box, carton, etc. to be used as a Valentine collection mailbox. Be creative and surprise us all! I will be looking forward to seeing your creations. You can keep it simple or go all out. It's up to you!

Please feel free to send Valentines and treats for the class. If the students wish to do so, they can bring one for every child in the classroom. We have 24 students in our homeroom class. The names of all the students are below. Due to the health food guidelines, all treats will be sent home.

Have fun designing your own Valentine's Day mailbox and writing Valentines to your classmates! Please feel free to email me if you have any questions or concerns.

Thank you,
Mrs. Chambon
